David L. Peavy

The following is a bibliography of selected primary and secondary sources concerning the Boy Scouts of America (BSA). The bibliography is organized by four subject areas: 1) national history, 2) local history, 3) camp histories, and 4) unit histories. The reader is cautioned that references are listed only once within the bibliography and that some references may contain material classified in other areas. A careful review of references in all categories is therefore suggested. Additions to this listing will be made upon receipt of additional information. If you are aware of a source that is not listed, please send the following information to davidp.peavy@paxtu.org: author, title, journal name (volume number, issue number & page numbers), place of publication, and publisher.
